

YOGAWEAR

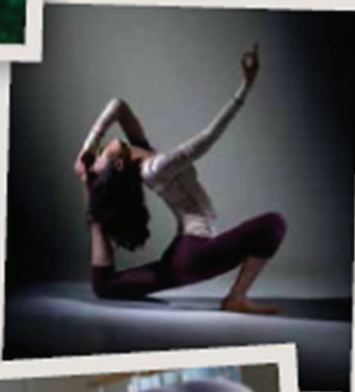

The combination of Stella McCartney's unique designs and adidas' advanced textile technologies, has resulted in applaudable high performance designs which continue to challenge and redefine sport silhouettes. Their latest yoga line emits a folksy feel with layers of super soft eco-friendly fabrics featuring tight fitted pieces with loose-fitted jackets and detailed zig-zag stitching.

Designed to flatter without constricting, **Zobha's** yoga pieces are engineered to support for maximum performance. Made with quick dry fabric, the brand's designs breathe and stretch, while retaining their shape. www.zobha.com

Worn by trendy yogis the world over, **lululemon athletica's** yogawear is as functional as it is comfortable. Using high-tech materials that pull moisture away from the skin for fast evaporation, their quick-dry fabrics retain shape and offer four-way stretch for ultimate freedom of movement. www.lululemon.com

Adding her love of yoga to high fashion, **Chakras by Dididi** delivers a multi-hued collection that will have you looking super stylish without compromising comfort. www.chakrasbydidi.com

Tonic's eco-friendly lifestyle collections will have you looking effortlessly chic on the mat, track, couch or streets. Using only the highest quality Canadian-sourced fabrics, Tonic's designs tick the boxes of fit, function and fashion, enhancing the natural beauty of the female shape. www.mytonic.ca
